hand blown glass massager

Elegant, upscale, and hand-crafted with amazing attention to detail, this luxurious line of glass massagers will leave you breathless. Each hand-blown kids glass wand is sleek, unique, and made to play hard.

The hypoallergenic glass is nonporous and body safe, and when cared for properly, is designed to last a lifetime. Run the wand under warm water or place it in the microwave to heat things up. Chill it under cold water or put it in the freezer for a cool sensation.

Since glass is nonporous, cleanup is a snap. Use Pipedream Toy Cleaner and warm water, or put it in the dishwasher for a worry-free wash after the fun.
